

EDVENTURE 2013 POSTER INFORMATION

Please help us to celebrate the educational accomplishments of your department. I am writing to encourage you and those in your department to attend EdVenture 2013 (see attached SAVE THE DATE flyer), and especially to invite you to attend the EdVenture 2013 Celebration banquet to be held from 6:00 pm to 8:00 pm on April 25th in the University Conference Center.

I am also requesting that your department prepare a poster presentation for the Celebration banquet. The poster should highlight the educational programs and accomplishments of your department. It would be greatly appreciated if a designated representative of your department would attend the celebration and present the poster. If it is not possible to have a presenter, then I hope your department will still prepare and hang a poster at this important event.

Feel free to contact either me or Lisa Harman (lhorman@psu.edu) for additional information or aid in preparing a poster. Your poster does not have to be elaborate. Ideas for poster content are listed below. If your department presented a poster at last year's EdVenture, then that same poster could be used again this year.

On behalf of the EdVenture 2013 Planning Committee, thank you in advance for supporting EdVenture, which is made possible by the Woodward Endowment for Medical Science Education.

Best Regards,
Lisa M. Shantz, Ph.D.
Woodward Endowment Project Manager

Here is information relevant to the poster session:

- Date and time: Thursday, April 25th, 2013, 6:00-8:00 PM
- Location: University Conference Center
- Refreshments: Heavy hors d'oeuvres, soft drinks
- Poster setup time: 5:30-6:00 PM
- Poster take-down time: 8:00 PM
- Poster size: Up to 6 feet wide
- Poster focus: The purpose of the event is to "celebrate" our educational mission. Any subject within this general framework is more than welcome. You may wish to:
 - Describe the educational programs in your department
 - Highlight excellence in medical student, graduate student, or post-graduate education
 - Highlight unique contributions of your department or program to our educational mission at any level: curriculum innovations, unique assessment tools, etc.
 - Honor faculty members or staff who have received awards or recognition for special achievement in education at any level
 - Present posters recently presented at national or international meetings related to education
