The Pennsylvania State University is committed to the policy that all persons shall have equal access to programs, facilities, admission, and employment without regard to personal characteristics not related to ability, performance, or qualifications as determined by University policy or by state or federal authorities. It is the policy of the University to maintain an academic and work environment free of discrimination, including harassment. The Pennsylvania State University prohibits discrimination and harassment against any person because of age, ancestry, color, disability or handicap, genetic information, national origin, race, religious creed, sex, sexual orientation, gender identity, or veteran status and retaliation due to the reporting of discrimination or harassment. Discrimination, harassment, or retaliation against faculty, staff, or students will not be tolerated at The Pennsylvania State University. Direct all inquiries regarding the Nondiscrimination Policy to the Affirmative Action Director, The Pennsylvania State University, 328 Boucke Building, University Park, PA 16802-5901; tel 814-863-0471/TTY: U.Ed. MED J5227-14

Overview/Audience

With the significant incidence and prevalence of cardiac and vascular disease in the United States, health care professionals must stay abreast of the developments within this field. Open to all members of the intraprofessional team, Penn State's Inaugural Dimensions in Heart and Vascular Care: Advancing Your Scope of Excellence, is designed to highlight the numerous dimensions and advancements within the field of heart and vascular care. This meeting is designed to impact practice, explore evidence-based research, and demonstrate cutting-edge techniques that can be directly applied to the learner's clinical and academic practice.

Objectives

Upon completion of this activity, participants should be able to:

- Incorporate new technologies, drugs, and procedures into the care of patients with complex cardiac and vascular disease
- Integrate advancements in diagnostic evaluation to treat patients with complex cardiac and vascular disease
- Discuss the impact that health-care reform has on the past, present, and future of patient care
- Recognize the importance of the multidisciplinary team approach in management of cardiac and vascular patient care
- Identify methods to improve communication and patient outcomes throughout the numerous aspects of heart and vascular disease
- Incorporate current research into practice to improve outcomes for those patients living with heart and vascular disease

Credit

Penn State College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Penn State College of Medicine designates this live activity for a maximum of 7.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Consistent with AMA guidelines, nurse practitioners and physician assistants will receive a certificate verifying their participation in the activity. The certificate will indicate that the program was approved for AMA PRA Category 1 Credit[™].

Nurses will receive a certificate from Penn State College of Medicine verifying their participation in 7.0 hours of approved continuing medical education. Continuing education activities which are approved by accredited institutions of higher education and that are relevant to patient care or professional nursing meet the requirements of mandatory continuing education for registered nurses in Pennsylvania, as required by the Pennsylvania State Board of Nursing. The Board of Nursing recommends that nurses retain their certificates for a period of at least five years. Additional information is available through the State Board of Nursing at dos.state.pa.us/nurse. Nurses from other states should check with their Board of Nursing.

It is our policy to ensure balance, independence, objectivity, and scientific rigor in all of our sponsored educational programs. Faculty and course directors have disclosed relevant financial relationships with commercial companies, and Penn State has a process in place to resolve any conflict of interest. Complete faculty disclosure will be provided to program participants at the beginning of the activity.

Fee

Dimensions in Heart and Vascular Care program on October 18, 2013

Discount if received by August 18

- Physicians \$249
- Non-physicians \$149

If received after August 18

- Physicians \$299
- Non-physicians \$199

Dimensions in Heart and Vascular Care program on October 18, 2013 and the Congress on ECMO Therapy program on October 19, 2013

Discount if received by August 18

- Physicians \$549
- Non-physicians \$299

If received after August 18

- Physicians \$599
- Non-physicians \$349

The fee includes the cost of instruction, lunch, and break refreshments.

Both conferences will be held at the Hershey[®] Lodge. To find out more about the ECMO conference, go to pennstatehershey.org/hvcontinuinged

You can pay for your registration by check, request to bill employer, or VISA, MasterCard, or American Express (AMEX).

Registration

Register online, by fax, or by mail. Registrations will be confirmed by email upon receipt of payment, authorization to bill, or a credit card guarantee. If you do not receive confirmation from Penn State within two weeks, phone Continuing Education at 717-531-6483 to confirm your registration. Walk-ins and late registrations can be accepted only if space is available.

Cancellation Policy

Cancellations received later than October 11, 2013, will be assessed a \$25 processing fee.* No refunds will be made for cancellations received after October 15, 2013. Substitutes are accepted at any time.

* If you attend both the Dimension in Heart and Vascular Care and the Congress on ECMO Therapy programs, there will be a \$25 processing fee assessed per conference day if cancellations are received later than October 11, 2013.

Please provide a cell phone number so we can reach you in the event of last-minute change or cancellation. The University reserves the right to cancel or postpone any course because of insufficient enrollment or other unforeseen circumstances.

If a program is canceled or postponed, the University will refund registration fees but is not responsible for any related costs, charges, or expenses, including cancellation/change charges assessed by airlines or travel agencies. Preregistered participants will be notified if a program is filled or canceled.

Accommodations

Accommodations are the responsibility of the program participant. A block of rooms has been reserved at the Hershey® Lodge, 325 University Drive, Hershey, PA 17033. To receive the conference rate of \$159 plus tax for a single or double room, call the Lodge at 717-533-3311 or 1-800-HERSHEY (437-7439) and mention the name of the conference (Dimensions in Heart and Vascular Care). Information about additional area accommodations is available online at pennstatehershey.org/web/guest/patientcare/patientvisitorinformation/lodging or by calling Continuing Education at 717-531-6483 and requesting a list of area accommodations. Because rooms are available on a first-come, first-served basis, we recommend you make reservations as early as possible but no later than September 17, 2013. After this date, room rates are subject to availability.

Hershey Attractions

- **HERSHEYPARK®**—Experience more than 100 rides and attractions on 110 acres. The Boardwalk offers the best of vacations: a day at the seashore and a visit to a theme park with nine water attractions. Discover 12 roller coasters, including the tallest, fastest, and longest Skyrush, as well as more than 20 rides for the younger kids. Also games, shops, food, and award-winning live entertainment daily. See **ZOOAMERICA® North American Wildlife Park** on 11 acres with 200+ animals (included with HersheyPark® ticket).
- **HERSHEY'S CHOCOLATE WORLD®** —Take a free tour ride explaining chocolate making; be a part of Hershey's Factory Works Experience, an interactive chocolate factory; or try a 3D show with the Hershey's characters. Includes the Hershey Visitor Center.
- **HERSHEY GARDENS**—Stroll through 23 acres of beautiful floral displays, including the world-famous rose gardens. There is also a Butterfly House.
- **HISTORIC GETTYSBURG**—Tour the Gettysburg National Military Park. Learn about the historic three-day battle. See where Lincoln gave his famous address.
- **PENNSYLVANIA DUTCH AND AMISH COUNTRY**—Enjoy the Pennsylvania Dutch Country located in beautiful Lancaster County. Experience the Amish culture and traditions...a way of life unchanged for centuries.
- **THE OUTLETS AT HERSHEY**—Shop at 60 outlet stores that offer brand-name clothing and shoes for the whole family, as well as luggage, books, home accessories, and jewelry.

Access

Penn State encourages persons with disabilities to participate in its programs and activities. If you anticipate needing any type of special accommodation or have questions about the physical access provided, please contact Continuing Education at least one week in advance of your participation or visit.

Keynote Speakers

7:00 a.m. Registration/Materials/Exhibits

8:00 **OPENING PLENARY SESSION**

Politics, Government Health-Care Bill: What It Means for a Hospital and a Cardiovascular Center in 2013 and Beyond

Lawrence I. Sinoway, MD

Director of the Penn State Hershey Heart and Vascular Institute. He continues to serve as program director of the NIH-funded General Clinical Research Center (GCRC) and as director of the NIH-funded Clinical and Translational Research Institute (CTSI). Dr. Sinoway was named a Distinguished Professor in 2009, and has been an NIH-funded investigator since 1987. He is also the program director of an NIH Program Project Grant. He has published over 170 peer-reviewed articles.

8:30 Break/Vendor Visit

12:10 p.m. Lunch (Aztec Room)

LUNCH PLENARY SESSION

Strategic Leadership: Managing the Cycles of Change

Al Vicere, PhD

Executive Education Professor of Strategic Leadership for Penn State Smeal College of Business. He was the founding director of Penn State Institute for the Study of Organizational Effectiveness (ISOE) and has earned a number of MBA Excellence in Teaching awards for his courses on strategic leadership. In addition to his current faculty duties at Penn State, he is president of Vicere Associates Inc., a consulting firm whose global client list includes many well-known companies. Dr. Vicere has published over 80 articles and professional papers in leading journals and his latest books are, *Leadership by Design* and *The Many Facets of Leadership*.

1:00-4:10 **CONCURRENT SESSION**

See specific tracks for each Concurrent Session

2:10-4:10 Leadership Forum: Leadership in Today's Health-Care Environment, Wiley W. "Chip" Souba Jr., MD

4:10 Break/Vendor Visit

4:30 **KEYNOTE PLENARY SESSION**

Academic Medicine in Turbulent Times

Joanne M. Conroy, MD

As Chief Health Care Officer at the Association of American Medical Colleges, Joanne M. Conroy, M.D., focuses on the interface between the health-care delivery system and academic medicine, paying particular attention to how health care in academic settings can address quality-of-care and patient-centered care issues. Dr. Conroy represents the interests of approximately 400 major teaching hospitals and health systems, including 64 Veterans Affairs medical centers, through the AAMC Council of Teaching Hospitals and Health Systems in addition to overseeing the Group on Faculty Practice, Group on Resident Affairs, Chief Medical Officers Group, and the Compliance Officers Forum.

Dr. Conroy started her career in Charleston, South Carolina, where she became Chair of Anesthesia and Perioperative Medicine, Vice President for Medical Affairs of the University Hospital, and Senior Associate Dean of the College of Medicine at The Medical University of South Carolina (MUSC). From 2001–2008 she served as Executive Vice President of Atlantic Health System and Chief Operating Officer and President of Morristown Memorial Hospital in Morristown, New Jersey. In those roles, Dr. Conroy gained an understanding of health system operations, hospital-physician relationships, and collaborative partnerships among the various elements of academic health systems. Dr. Conroy earned her B.A. degree in chemistry from Dartmouth College, and was awarded her M.D. degree from the Medical University of South Carolina.

5:30 Program Evaluation/Adjournment

Concurrent Session Track 1

PREVENTION/DIAGNOSTIC/IMAGING

- 9:00 a.m. **Limitations of Current Cardiovascular Risk Assessment Systems: Treatment Guidelines**
Peter Alagona Jr., MD
Associate Professor of Medicine, Division of Cardiology
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 9:40 **Pre-TAVI Imaging ECHO**
Christopher L. Spizzieri, DO, FACC, FASE
Cardiologist
Capital Cardiovascular Associates
Camp Hill, PA
- 10:20 **Pre-TAVI Imaging CT**
Carlos A. Jamis Dow, MD
Associate Professor of Radiology
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:00 **You Won't Believe What I Saw on that ECHO**
Michael Pfeiffer, MD
Assistant Professor of Medicine, Division of Cardiology
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:40 **Cardiac MRI in Diagnosis**
Jennifer Grando Ting, MD
Assistant Professor of Medicine, Division of Cardiology
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 12:10 p.m. *Lunch*
- 1:30 **Is My Patient a Candidate for a Mitral Valve Repair?**
Annick R. Haouzi-Judenherc, MD
Assistant Professor of Medicine, Division of Cardiology
Penn State Hershey Heart And Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 2:10 **Choose to attend a session from a different track/visit exhibits**
- 2:40 *Break/Visit Exhibits*
- 3:00 **Chest Pain? Triage or CAT Scan: The Use of Coronary CTA**
Carlos A. Jamis Dow, MD
Associate Professor of Radiology
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 3:40 **State of the Art Renal Duplex**
Robert G. Atnip, MD
Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania

Concurrent Session Track 2

ENDOVASCULAR

- 9:00 a.m. **SOS: Stent or Surgery**
Behzad Soleimani, MD
Assistant Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- Steven M. Ettinger, MD*
Professor of Medicine, Division of Cardiology
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 9:40 **Percutaneous Approach to Structural Heart Disease—Present and Future**
Igor Palacios, MD
Director, Knight Catheterization Laboratory
Massachusetts General Hospital
Boston, Massachusetts
- 10:20 **It Is All in the Wrist: Radial Approach to Cardiac Catheterization**
Denise A. Rhodes, RN, BSN, MS, ANP-c
Family Practice Nurse Practitioner
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:00 **Is Your Patient a Candidate for Cath or Scalpel: Identifying the Patient for TAVI**
Larry Shears II, MD
Cardiothoracic Surgery
WellSpan Health
York, Pennsylvania
- 11:40 **Choose to attend a session from a different track/visit exhibits**
- 12:10 p.m. **Lunch**
- 1:30 **PEVAR, REVAR, FEVAR—Oh My! What's New in Aortic Endovascular Surgery**
Amy B. Reed, MD, FACS
Associate Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 2:10 **When to Place a Filter and, For That Matter, When to Remove a Filter**
Frank C. Lynch, MD
Professor of Radiology
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 2:40 **Break/Visit Exhibits**
- 3:00 **The Next Frontier in Hypertension-Renal Denervation**
Harjit Singh, MD
Professor of Radiology, Surgery, and Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 3:40 **Percutaneous Revascularization of the Superficial Femoral Artery**
Faisal Aziz, MD
Assistant Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania

Concurrent Session Track 3

HEARTBEATS IN HERSHEY 2013: QUALITY & SAFETY

- 9:00 a.m. **ACLS Isn't for Everyone: Coding the Cardiothoracic Surgery Patient**
Michael J. Lazar, MD
Assistant Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 9:40 **Quality Care Amongst Clinical Commotion: Daily Challenges in the Care Environment**
Sherry Kwater, MSM, BSN, RN
Chief Nursing Officer
Penn State Milton S. Hershey Medical Center
Hershey, Pennsylvania
- 10:20 **Heart-to-Heart: Promoting Quality Care and Preventing Communication Breakdown**
Suzanne E. Frazier, RN, CRNP, MSN, NP-C
Nurse Practitioner
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center
Hershey, Pennsylvania
- Barbara Birriel, MSN, ACNP-BC, FCCM*
Instructor, School of Nursing
The Pennsylvania State University
Nurse Practitioner
Penn State Heart and Vascular Institute
Penn State Milton S Hershey Medical Center
Hershey, Pennsylvania
- 11:40 **Heart Failure Transitional Care: An Interprofessional Approach**
Mary Lou Osevala, RN, MSN, APN, CRNP
Nurse Practitioner
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center
Hershey, Pennsylvania
- 12:10 p.m. *Lunch*
- 1:30 **Postoperative TAVI Care from a Nursing Point of View**
*Angela Robinson, MSN, RN, CCRN, CVRN**
Clinical Educator, Heart and Vascular
*Suzanne Beichner, BSN, RN, PCCN**
Staff Nurse
York Hospital*
York, Pennsylvania
- 2:10 **Burnout: Inevitable or Avoidable Among Novice and Expert Nurses**
Joan Miller, PhD, RN, CRNP
Associate Professor
Bloomsburg University
Bloomsburg, Pennsylvania
- 2:40 *Break/Visit Exhibits*
- 3:00 **Choose to attend a session from a different track/visit exhibits**
- 3:40 **The Patient Who Never Leaves: Impact of Delirium and Mental Health in the Acute-Care Setting**
Julie Felker, BSN, RN, PCCN
Clinical Head Nurse
Penn State Hershey Heart and Vascular Institute Critical Care
Penn State Milton S. Hershey Medical Center
Hershey, Pennsylvania

Concurrent Session Track 4

HEALTH-CARE ECONOMICS

- 9:00 a.m. **When Worlds Collide: Creating a Service Line Culture**
Linda Larin, CHE, MBA
Chief Administrative Officer, Cardiovascular Center
University of Michigan
Ann Arbor, Michigan
- 9:40 **Developing Regional Health-Care Systems: The German Experience**
Christoph Brehm, MD
Assistant Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 10:20 **428.5 vs. 435.8 The Latest Updates in Coding**
Mindy Swinehart
Patient Financial Services
Penn State Milton S. Hershey Medical Center
Hershey, Pennsylvania
- 11:00 **Lessons Learned from the United Kingdom's National Health Service (NHS)**
Behzad Soleimani, MD
Assistant Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:40 **Building a Healthy Health-Care Team**
Lisa Sinz, MD
Professor of Anesthesiology and Neurosurgery
Associate Dean for Clinical Simulation
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 12:10 p.m. *Lunch*
- 1:30 **Choose to attend a session from a different track/visit exhibits**
- 2:10 **Leadership Forum: The Science and Practice of Leading Yourself**
Wiley W. "Chip" Souba Jr., MD
Vice-President for Health Affairs, Dartmouth College
Dean, Geisel School of Medicine at Dartmouth
Professor of Surgery, Geisel School of Medicine
Professor of Business Administration, Tuck School of Business
Dartmouth College
Hanover, New Hampshire
- At the core of most current models of leadership lies the premise that knowledge is the foundation of leading effectively. In other words, the leader's effectiveness is first and foremost a function of what he or she knows. This implicit leadership theory—leadership equated with a person in charge who has the answers—is pervasive. This way of thinking about and exercising leadership has been woven seamlessly into the fabric of medicine's culture.
- This way of teaching leadership, which is anchored in theories and explanations, is not wrong but it is no longer adequate. Human beings do not lead from a theoretical approach; we lead from the perspective of the way leadership is experienced. Explanations alone don't teach what is required to be a leader, much as textbooks don't impart what it is to be a doctor or chef or pianist. Knowing is not enough.
- The focus in this session is on leading yourself and is based on the premise that personal transformation must precede major systemic change, be it in a medical school, company, or country. We do not believe that you can optimally lead "out-here-in-the-world" until you have a strong leadership foundation "in-here." This session will explore the power of Language Leadership Performance Model and introduce learners to a new language of leadership that, when mastered, will enhance their performance as a leader. Session participants will have an opportunity to "build" the House of Leadership, which will provide them with a solid foundation for being a leader and a practical framework for exercising leadership effectively. Finally, learners will be provided with a 9-step Heuristic for Leading Oneself that will equip them with a rule of thumb for tackling any leadership challenge.
- 3:40 *Adjourn to Keynote Plenary Session*

Concurrent Session Track 5

ELECTROPHYSIOLOGY (EP)

- 9:00 a.m. **Device Therapy for Heart Failure: Update on CRT**
Erica Penny-Peterson, MD
Assistant Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 9:40 **Choose to attend a session from a different track/visit exhibits**
- 10:20 **New Anticoagulants for Stroke Prevention in Atrial Fibrillation**
Gerald V. Naccarelli, MD
Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:00 **The Role of Catheter-Based Ablation in the Management of Ventricular Tachycardia**
Mario Gonzalez, MD, PhD
Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:40 **Ablation vs. Antiarrhythmic Drugs for Atrial Fibrillation**
Suneet Mittal, MD, FACC, FHRS
Director of Electrophysiology, Valley Health System of New York and New Jersey
Associate Professor of Clinical Medicine, Columbia University, College of Physicians and Surgeons
New York, New York
- 12:10 p.m. *Lunch*
- 1:30 **Arrhythmogenic Right Ventricular Cardiomyopathy—Does My Patient Have It and What Can I Do About It?**
Harikrishna Tandri, MD
Assistant Professor of Medicine
Johns Hopkins Heart and Vascular Institute
Baltimore, Maryland
- 2:10 **Tachycardia Induced Cardiomyopathy**
Javier Banchs, MD
Assistant Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 2:40 *Break/Visit Exhibits*
- 3:00 **The Subcutaneous Implantable Defibrillator**
Steven Kutalek, MD
Director of Cardiac EP and Associate Chief, Division of Cardiology
Drexel University, College of Medicine
Philadelphia, Pennsylvania
- 3:40 **Remote Monitoring for Implantable Cardiac Rhythm Devices**
Soraya M. Samii, MD
Assistant Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania

HEART FAILURE

- 9:00 a.m. **The Burden of Heart Failure 2013**
Clyde W. Yancy, MD
Magerstadt Professor; Chief, Division of Medicine-Cardiology
Feinberg School of Medicine
Northwestern University
Chicago, Illinois
- 9:40 **Systemic Inflammation in Heart Failure**
Allen S. Anderson, MD, FACC, FAHA
Professor of Medicine
Medical Director, Program in Advance Heart Failure, Transplantation, and Mechanical Support
Director, Network Development for the Bluhm Cardiovascular Institute
Northwestern University Medical Faculty Foundation
Chicago, Illinois
- 10:20 **New American Heart Association: 2013 Guidelines**
Barry S. Clemson, MD
Associate Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:00 **Surgical Treatment of Heart Failure**
Walter E. Pae Jr., MD
Professor of Surgery
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 11:40 **Heart Failure Readmissions: Quality of Care and the Fiscal Cliff**
Clyde W. Yancy, MD
- 12:10 p.m. *Lunch*
- 1:30 **Heart Failure with Preserved Ejection Fraction: A Major Cause of Pulmonary Hypertension**
Barry S. Clemson, MD
- 2:10 **Remote Monitoring: Can We Impact the Management of Advanced Heart Failure Patients?**
John P. Boehmer, MD
Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania
- 2:40 *Break/Visit Exhibits*
- 3:00 **LVAD vs. Transplant: Who Are the Candidates and When to Refer a Patient?**
Joseph G. Rogers, MD
Associate Professor of Medicine, Division of Cardiology
Duke University School of Medicine
Durham, North Carolina
- 3:40 **Advanced Heart Failure: Palliative Care and Hospice**
Eric D. Popjes, MD
Assistant Professor of Medicine
Penn State Hershey Heart and Vascular Institute
Penn State Milton S. Hershey Medical Center/Penn State College of Medicine
Hershey, Pennsylvania

Registration Form

Penn State Hershey's Inaugural **DIMENSIONS** in Heart and Vascular Care

October 18, 2013
J5227-14-Y

Register online, by fax, or by mail. If you do not receive a confirmation from Penn State within two weeks, call our office to confirm. Walk-ins and late registrations are accepted only if space is available. Please provide both daytime and evening phone numbers so we can contact you should last-minute changes occur.

Name (Please print) _____ Degree(s)/Credentials _____

Email Address (Print legibly. Used for confirmation, registration status, and program materials.) _____ male female

Home Address _____ City _____ State _____ Zip Code _____
